

Migrate existing paid members

06/25/2023 1:38 pm PDT

For groups coming from another membership platform, the group's data can be transferred to Heylo seamlessly. Member info like payment timelines, [check-in counts](#), or [names](#) can be uploaded with customized invites for each member. Existing [payment](#) dates and frequencies can be respected in Heylo.

There is no cost associated with a transition. The Heylo team will assist with customized member uploads. [Get in touch with the Heylo team](#) - we're happy to help!
