

Onboard from Whatsapp or Chat App

07/03/2024 5:02 pm PDT

Onboarding your members is seamless with Heylo. Whether you have a group chat, email list, or another platform, onboarding your members to Heylo is as easy as copying and pasting. Members do not [need to download a new app](#) and [can sign up with one tap](#).

Migrating from a group chat with a link

If your members use a group chat like Whatsapp, text, or GroupMe, simply use your [link](#)! You can copy your link and paste it into your existing group chat. Members who click the link will be directed to join your group upon [signing up](#).
